

QUESTIONS TO ASK YOUR DOCTOR ABOUT **GENOMIC CANCER TESTING AND TRK FUSION CANCER**

- 1** Why is it important to get genomic cancer testing?
- 2** Have I had genomic cancer testing? If so, did the genomic panel include *NTRK* gene fusion?
- 3** Does my tumor have any genomic characteristics that can guide my treatment plan?
- 4** How can additional knowledge about my cancer help customize my treatment plan?

NOTES:
